● **Strategic site visits for major Morocco Sim events**

As part of its commitment to excellence in event planning and educational innovation, Morocco Sim conducted strategic site visits to institutions that will host upcoming flagship initiatives. A visit to the Faculty of Medicine and Pharmacy of Tangier (FMPT) was carried out in preparation for SimCup 2026, while a dedicated mission to the Faculty of Medicine and Pharmacy of Rabat (FMPR) focused on the planning of HTIC 2028 Healthcare Training International Conference. These visits provided valuable opportunities to meet local stakeholders, assess facilities, align organizational objectives, and strengthen partnerships, ensuring that both events will deliver high-quality educational and scientific experiences for participants from Morocco and beyond.
