9.10-10.10

Session 1_ From errors to excellence

Session chair : Mekaoui Nour

9.10-9.40 **What makes a strong safety culture ?** Weldon Sharon Marie, United Kingdom 

9.40-10.10 **Beyond blame, how systems thinking prevent harm ?** Maio Matos, Portugal 

10.10-10.20_Webinar-Break

10.20-11.50

Session 2_Simulation integration and impact

Session chair : Amar Yamama

10.20-10.50 **From pilot to policy : institutionalizing simulation in hospitals.** Ingrassia Pier Luigi, Italy 

10.50-11.20 **Curriculum mapping for simulation : where and why ?** Fehdi Mohamed Anas, Morocco 

11.20-11.50 **Sim as tool for performance assessment : lessons from OSCE.** Adanez Martinez Gracia, Spain 

11.50-12.00_Webinar-Break

12.00-13.30

Session 3_Human factors and patient safety

Session chair : Fourtassi Maryam

12.00-12.30 **Neuroscience-based clinical debriefing of adverse events.** Oriot Denis, France 

12.30-13.00 **Simulation to improve interprofessional collaboration.** Uwimana Philomene, Rwanda 

13.00-13.30 **When cognitive bias drives clinical decision making.** Lasri Fatima Zahra, Morocco 

13.30-13.50_Webinar-Break

13.50-15.20

Session 4_Innovation and the future of patient safety

Session chair : Derouich Mohammed

13.50-14.20 **AI in simulation : potential, risks and ethical challenges.** Kutzin Jared M, USA 

14.20-14.50 **Gamification and XR to boost safety competencies.** Fayyaz Jabeen, Canada 

14.50-15.20 **Simulation as a lever for healthcare system transformation.** Al Atassi Abdulaleem, KSA 

15.20-15.30

Closing remarks

Mouhaoui M, Morocco
